OREGON BULLETIN NO. OR 210-2007-3

**SUBJECT:** BASIC WATER MANAGEMENT COURSE AND REFERENCES

**Purpose:** Provide basic water management training and references via the enclosed CD.

**Expiration Date:** September 30, 2007

**Distribution:** Oregon NRCS Field Offices, Oregon Engineering and Technology Staff

The accompanying CD entitled *BASIC WATER MANAGEMENT* contains a water management course developed by the NRCS National Employee Development Center. The course is designed for NRCS personnel, partnership employees, and technical assistance providers to assist them in integrating basic water management concepts and the impacts of water management decisions. The CD also contains a rather extensive number of water management related references. Directions for accessing the course and references are noted on the enclosed directions. It should be noted viewers with visual impairment will require assistance in viewing the materials.

It is recommended that all NRCS employees who have not completed training in basic water management concepts complete this course. The course and materials can also be shared with cooperators and technical service providers. Duplicate copies of the CD can be made as needed or contact Anne Derting in the Oregon State Office for additional copies.

A handwritten signature in black ink that reads "David Dishman".

DAVID R DISHMAN  
State Conservation Engineer
